

JISD Summer Honors PreCal Program

1. The summer honors PreCal program has been developed to allow selected high performing students to take Pre-AP PreCal (both semesters) during summer so that they can take calculus AB or BC in the 2019-20 school year and thereby get college credit through the AP exam for one or two semesters of calculus. Currently each student who passes the AP exam will also receive a \$100 award from NMSI as well.

2. **Admittance to this program is by application.** The Summer Honors PreCal Program is open to students from Wagner HS, Judson HS and Veterans Memorial HS. See your math teacher or Mr. Fenoglio at Wagner HS if you want to attend. Students **MUST** commit to taking calculus in 2019-2020. Admissions decisions will be made by the Wagner Math Department and the Advanced Academics Department. Students will be notified by May 24, 2019.

3. **Curriculum.** We will teach an enhanced honors JISD PreCal curriculum. Successful completion of this course will prepare students for AP Calculus AB/BC, AP Physics, and the SAT. Grading will follow JISD guidelines. Students who complete the full curriculum will receive credit for two semesters of preap PreCal. Grades will be sent out each week via email to students and parents. Students who complete this course will have passed the equivalent of a semester of college algebra (minus matrices) and a semester of college PreCalculus. Students who have already completed college algebra will be able to test out of parts of the precal curriculum.

4. **Drops.** Students who are unable to keep up with the pace of instruction, after consultation with parents, will be withdrawn from the course. This will not adversely affect that student's high school GPA.

5. **Cost.** There will be no charge to students for participation in the course.

6. **Schedule:** The class will meet four days a week Monday thru Thursday from 1:00 PM to 4:00 PM at Wagner High School. The class is tentatively scheduled to meet in Room S-142 at Wagner High School. We may shift to another room as the summer progresses.

The course will meet from 5 June (**first day of instruction**) to 8 August. We will attempt to accommodate students with special scheduling needs (such as Band Camp or summer trips). The course is self-paced. Normally students can finish earlier than 8 August.

Students will receive assignments online so they will need internet access. Phone access is acceptable.

7. **Questions or Concerns:** Please contact Mr. Fenoglio, pfenoglio@judsonisd.org.

8. **Enrollment Request:** Students who wish to enroll in the course must fill out the attached enrollment application and return it to your math teacher or Mr. Fenoglio (Room S-142 at Wagner HS) by May 17, 2019.

JISD Honor Pre-Cal Course Enrollment Application

I wish to apply to take honors pre-calculus this summer.

Student Name (Printed): _____

Student Signature: _____

Student ID Number: _____

Student email address: _____

Parent or Guardian name: _____

Parent or Guardian Signature: _____

Parent or Guardian Email Address: _____

Parent or Guardian Cell Phone Number: _____

Current Math Teacher: _____

Student verification:

I wish to enroll in the honors PreCal summer program. _____ (Student initials)

I do/do not (circle appropriate choice) have internet access at home.

I will enroll in calculus next school year. _____ (Student initials)

Parent or Guardian Verification:

I want my son/daughter to enroll in the summer PreCal course.

_____ Phone # _____

(Parent Signature and Contact number)

I intend to enroll my son/daughter in calculus next year. _____ (Parent initials)
