

## Getting Access to Campus Communication

We have received some feedback indicating that many of our families are not receiving our campus communication. Please take the following steps to ensure that you are receiving our all-calls, emails and text messages.

Step 1: Go to the Judson website at [www.judsonisd.org](http://www.judsonisd.org) and click on Parent Self Serve. Login with the same information you used to set up your account for registration.

Step 2: Once you are logged in, locate and click on the “Edit Contact Info” tab.

Step 3: If you have any of your forms of communication set on “Make Private”, it does not allow our communication systems to contact you. This can be easily remedied by changing those selections to “no”. Be sure to save the changes.

**Edit Phone Numbers**

Please correct phone and Submit Changes when done.
