Judson ISD Releases Instruction Plan For 2020-2021

Judson ISD's Curriculum and Instruction and Teaching and Learning Departments have been developing the best possible instruction models for elementary and secondary students given the concerns for health and safety. It is our goal to keep the level of safety and instruction high with quality resources for students as we closely monitor developments in the coming weeks and months.

JISD's Instructional Delivery Models are divided into two basic categories...elementary and secondary.

The **Elementary Model** has essentially two options.

1. Face To Face Instruction: That provides students with in-person instruction on campus.
2. Virtual Instruction: Students will receive virtual instruction online with opportunities to learn in real time live settings and engage in lessons later on their own time.

The **Secondary Model** (Middle and High Schools) has three options:

1. Staggered Schedules/Blended Learning: The students will be divided into two groups. Group A and Group B.
 - a. **Group A:** Face To Face on Monday and Tuesday and Remote Learning Wednesday, Thursday, and Friday.
 - b. **Group B:** Remote Learning Monday, Tuesday, and Wednesday and Face To Face on Thursday and Friday.
2. Face To Face:
 - a. These students will receive instruction 100% in-person on Monday through Friday.
3. Remote Learning:
 - a. 100% Remote Learning Monday through Friday (this includes live remote or recorded remote)
