Dear Judson ISD Parents/Guardians:

In an effort to continue providing students with instructional continuity during this one-week extension, we have put together a list of resources that your child may access online to support their continued learning.

Your child has access, usernames and passwords to Imagine Learning, which provides a suite of products in reading and math in grades K-8 for reading and K-12 for math.

In addition, here is a list of instructional resources that Texas Education Agency has shared for this same purpose. Please know that this is not an exhaustive list, but we encourage your students focus their time on visiting educational websites and apps.
