## **UIL Presents Wagner Boys Basketball Team With Trophy**

Today the University Interscholastic League or UIL will present the 2020 Wagner High School Boys Basketball team with a virtual award presentation at 1 pm. If you remember last season our Wagner Boys Basketball team was fortunate enough to make it to the state tournament but lost in the championship game to Mansfield Timberview 77-64.

This year's season was dedicated to returning to the State Championship Tournament and finishing what was started the year before. Just making it to the State Tournament is a huge accomplishment but going to it two years in a row is very rare. This year after preparing for their first game in the tournament and getting on the bus to go to the Alamodome, they were informed that the State Tournament had just been canceled. The boys, coaches, parents, school, and fans were devastated. Every game and every practice was centered on winning that elusive state championship.

Coach Clark and Smith are thankful for the recognition today but are determined along with the returning players to finish this championship run during the 20-21 school year. Good Luck Thunderbirds and congratulations for your repeated success.

Judson ISD plans to record the presentation for sharing on website, social media, and news media.

**What:** UIL Award Presentation to Wagner Boys Basketball team

**Where:** Virtual, UIL link released at its discretion

**When:** Wednesday, June 10, 2020 at 1 pm.
