About Me

Hi! My name is Tara Radinsky and I am your child's CIS-SA Site Coordinator at Woodlake Elementary. This will be a school year like no other and I am excited to support your student with whatever they need to succeed in school this year. You can find more details about what I can help you with on the next page.

A little bit about me...I love being outdoors, swimming and spending time with my family. I love working for CIS because every day is something new and fun with your children. I love working with students and watching them grow into the leaders of tomorrow. I cannot wait to get to know you and your family and support you however I can! Please ask your student's teacher about enrolling your child in the CIS program!

Education

I received my Bachelor's degree in Social Work from St. Leo University and my Master's degree in Social Work from Texas State.

Happy to support our
teachers!

Working directly in **100+ schools across 12 school districts**, Communities In Schools of San Antonio builds relationships that empower students to stay in school and succeed in life. Our school-based staff partner with teachers to identify challenges students face in class or at home and coordinate with community partners to bring outside resources inside schools. From immediate needs like food or clothing to more complex ones like counseling or emotional support, we do whatever it takes to help students succeed.
