My classroom is a structured, safe, and encouraging place. I try to make the activities as relatable to my students' current environment as possible. Students will enjoy hands-on learning activities, be challenged to believe in themselves, and learn to work together with classmates. We will take chances, make mistakes, learn, and grow together. I believe in teamwork and communication. Your child's safety, success, and well-being are my top priorities but I cannot achieve this without you. You are your child's first teacher; I am here to extend what you have taught them at home. I love parent volunteers! I encourage all parents to please complete the "Volunteer Training" on the JISD website. When parents and schools work together; students will thrive. We are a team, we are a family, we are Hartman Knights!
