## RTI Framework

Students will be monitored by grouping with specific interventions and weekly progress monitoring over a 6-9 week period through small group instruction.

RTI teachers provide scaffolded intervention designed to meet the needs of struggling students, gather progress monitoring data in 30–45 minutes sessions, 3–4 days per week for a 6–9 week period of time

This specific and *intensified* level of intervention includes the use of the research-based resources and materials in combination with differentiation of strategies and instructional methods.

## Tier I- Core Content

Student receives general education instruction and support in core content areas in the general education classroom.

### GIST Committee Review

The GIST Committee will:

Review student data to determine if the student demonstrates academic gaps and whether or not the student would benefit from additional support

The GIST Committee will make one of the following recommendations:

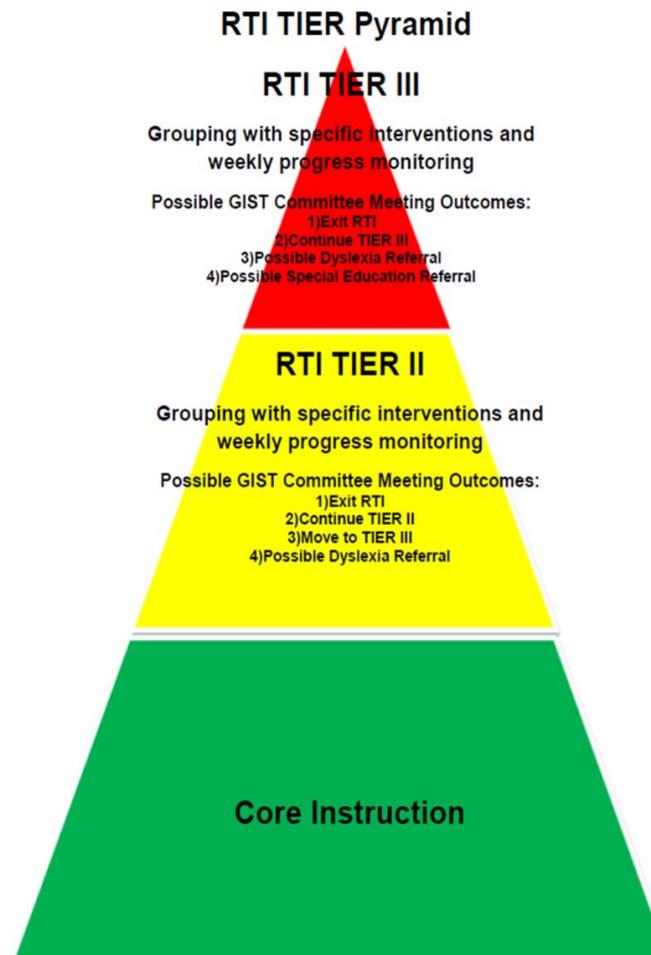

- Determines student would not benefit from RTI support: no further action taken
- Implement RTI Tier II Reading/Math Support

## Tier II

Student begins RTI TIER II Intervention

The GIST Committee will develop appropriate intervention strategies, develop intervention plan and goal, and establish progress monitoring criteria

RTI Teacher provides intervention, gathers and enters Progress Monitoring Data and tracks student's progress for a prescribed period of time.
