

Student Training Instructions – Sora Student App

Use the ***Sora Student training*** PowerPoint template and demonstration checklist to prepare and deliver student training classes at your school.

Materials Needed:

- *Sora Student Training* PowerPoint
- *Sora Student Training* demonstration checklist
- An Android or iOS device
- Projector and screen
- Optional: Print the *Getting Started Guide* from the Resource to distribute to students.

Instructions:

Review the training materials, then follow the directions in the PowerPoint to customize the template for your school. Remove references to formats your school doesn't offer, and/or insert details specific to your school.

Pay attention to the notes section on the bottom of each slide for helpful talking points and tips from our Training Team.
